

Tru-Blue[®]

SPRAY INDICATOR

Active Constituent: 105g/L Acid blue 9 Disodium Salt

Poison Schedule: Unscheduled

APVMA Approval No: 68258/57849

Eligible containers

5L

20L

25L

Pack Size:

1L (12 x 1L per carton)

5L (4 x 5L per carton)

20L & 25L

Dangerous Goods Class:

Not classified as a dangerous good under the Australian Code for Transport and Storage of Dangerous Goods in Australia.

A blue spray indicator for use with pesticides and fertilizers on agricultural areas.

DIRECTIONS FOR USE

This product contains a temporary colourant which marks spray application. The colour breaks down with sunlight and moisture.

- See where you spray
- Indicates spray skips and overlaps
- Improves applicator safety

SITUATION	RATE	CRITICAL COMMENTS
Pesticide and Fertilizer Spray Marking: Boom Spraying	225-300mL/100L of spray solution	Suitable for use with all water-based spray mixtures.
Hand Sprayers and Knapsacks	22-30mL/10L of spray solution	Vary rate depending on foliage colour and height

GENERAL INSTRUCTIONS:

Tru-Blue Spray Indicator is only suitable for mixing with water-based spray solutions. Follow mixing instruction on the label of the pesticide or fertiliser product and unless indicated differently, add Tru-Blue Spray Indicator last to the spray tank.

Suggested uses include:

- Marking to help prevent farmers/contractor over-spraying
- Spot spraying for selective herbicide application
- Marking trial plots and strips

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND THE ENVIRONMENT: DO NOT allow chemical containers or spray to get into drains, sewers, ponds or streams. **STORAGE AND DISPOSAL:** Keep out of reach of children. Store in the closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemical on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling break, crush, or puncture and bury empty container in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

Tru-Blue®

Additional hazard and precautionary statement required by WHS

Keep out of reach of children. Read label before use. Rinse skin or shower with water.

CONDITIONS OF SALE: Agricultural, horticultural and pastoral preparations in their application involve varying factors such as differing conditions, soil, climate and methods of application over which Colin Campbell (Chemicals) Pty Ltd (Company) does not have control. Whilst the Company believes that all goods sold by it are true to label and are effective and safe for the purpose indicated, the Company expressly excludes all conditions, guarantees and warranties, whether express, implied, statutory or otherwise, relating in any way to the goods and accepts no responsibility for any loss, harm or damage whatsoever suffered from the use of the goods for any purpose or purposes. Notwithstanding the foregoing, where any legislation implies any condition, guarantee or warranty (each, a Statutory Guarantee) and that legislation prohibits provisions excluding, restricting or modifying the application of, the exercise of a right conferred by or liability under such Statutory Guarantee, such Statutory Guarantee shall not be excluded. However the Company's liability for any breach of such Statutory Guarantee shall, if permitted by that legislation, be limited at the Company's option to the replacement of the goods or the supply of equivalent goods, or the payment of the cost of replacing the goods or of acquiring equivalent goods.
