

### SAFETY DIRECTIONS:

Product is poisonous if absorbed by skin contact, inhaled or swallowed. Will irritate the eyes and skin. Avoid contact with eyes and skin. Do not inhale vapour or spray mist. Repeated exposure may cause allergic disorders. When opening the container, preparing and using spray, wear cotton overalls buttoned to the neck and wrist, a washable hat, elbow length PVC gloves and face shield or goggles. If product gets in eyes, wash it out immediately with water. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.

After each day's use wash gloves, face shield or goggles and contaminated clothing separately.

### FIRST AID:

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126. If swallowed do not induce vomiting. Give a glass of water.

# YATES® BUFFALO PRO™

## SELECTIVE BINDII & BROADLEAF WEED KILLER

### HOW TO USE :

DO NOT apply in windy conditions, or if rain is expected within 24 hours. DO NOT apply if shade temperatures are expected to exceed 30°C within a 72 hour period.

**DO NOT apply when soil is dry and lawn is suffering from moisture stress.**

DO NOT mow or fertilise for 7 days before or after application.

SITUATION	WEEDS	RATE
Established home garden buffalo (except ST varieties), couch, kikuyu, Qld blue couch, bent, fescue, paspalum and ryegrass lawns	Bindii, clover, jo-jo, catsear, cudweed, dandelion, plantains, thistles, creeping oxalis, capeweed, creeping buttercup, fleabane	<b>SPRAY:</b> 30mL per 5 – 10L of water per 50m <sup>2</sup> .  <b>WATERING CAN + SPRINKLE BAR:</b> 30mL per 10-20L of water per 50m <sup>2</sup> .

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED**

### HOW TO APPLY:

Measure lawn area before application. Apply evenly over the area to be treated while weeds are actively growing. Weeds will die slowly; effects may take up to 3 weeks to appear. Repeat applications after 3 to 4 weeks may be necessary to control advanced weeds or certain types of clover. Slight browning of grass may occur under hot conditions.

### HOW TO PREPARE:

Half fill sprayer or watering can with water, add the required amount of product, agitate thoroughly then add the remainder of the water. Do not mix more than is needed. Wash equipment thoroughly after use.

## **LIABILITY:**

This product must be used strictly as directed. Yates will not be liable for any loss or damage arising from a failure to strictly follow the directions for use.
